Interfraternity Council Resolution on Chapter House Appearance

Resolution #003
Adopted March 23, 2004
Amended November 15, 2011

Due to the increased number of neighborhood and University complaints, the Interfraternity Council (IFC) has decided to recommend the following plan of action:

Upon IFC awareness of an unkempt chapter house, the following will take place:

1. **Offense #1** – The chapter president and/or house manager will be notified. The chapter must then clean the said chapter house by the Monday following notification. If the house is not cleaned, the chapter will be placed on social probation until brought back up to standards.

2. **Offense #2** – The same notification protocol will be taken as for offense #1; however, if the chapter house is not cleaned by the following Monday, the chapter is placed in social probation for a period of four weeks. If a chapter attends a Campus Community Relations (CCRC) meeting with the IFC Vice President of Communications, he may petition to those present to be removed from probation. The decision is based on the discretion of the IFC Executive Board.

3. **Offense #3** – After the period of four weeks or if the chapter has had their probation lifted, if the chapter is notified again regarding the status of their house cleanliness, the chapter will once again have until the following Monday to take care of the problem. If it is not taken care of, the chapter will be placed on social probation for the remainder of the semester. The chapter will also be fined $500 and may be referred to the Greek Standards Board.

Please note:

A clean house contains (but is not limited to) the following: cut grass/trees/shrubs, no trash on chapter premises, and no furniture/carpet outdoors.

Social Probation is described as follows:

The chapter is not allowed to participate in any function in which alcohol will be present (i.e., GAMMA or Special Events Functions). Please note that any events taking place during probation will be considered unregistered. GAMMA and Standards Board will be notified of which chapters may not participate in activities.

This 3-strike policy is based on a semester calendar. A chapter will have no violations at the beginning of each semester.
Interfraternity Council Resolution in Support of Chapter Health Advocates
Resolution #004
Adopted April 1, 2006
Amended May 1, 2007
Amended February 17, 2009
Amended November 15, 2011

Section 1: Program Overview
The Men’s Health Advocate Program was formed to educate individuals within each Fraternity on the issues our men are facing today. These issues include CPR Training, suicide intervention, safe sex, health concerns, etc. It is the goal of this program to create a neutral party within each chapter to inform the members in regards to these fore mentioned topics.

Section 2: Time Commitment
The program requires each Advocate to attend a pre retreat meeting. They must also attend a one-day retreat where they will be educated on how to handle these topics within their individual chapter. The Advocate must attend three out of the eight health advocate meetings during the semester to receive additional information and give feedback about what concerns have come about within their individual chapters. Advocates are then responsible for providing information and education to their peers regarding men’s health and wellness issues.

Section 3: Proposed Action
Due to the increased number of health and wellness concerns within the University of Arizona Greek Community, and because we, the Presidents of the Interfraternity Council, agree that it is in our best interest to help fellow chapter members maintain a healthy lifestyle we support the following:

We propose that one representative from each fraternity is selected to receive this training in crisis management, advocacy and referral methods. The representative must earn a minimum of 12 Health Advocate points. These points are earned by the following ways:

a. Attending all required meetings
b. Relaying the presentation done at the meetings to their own chapter
c. Providing an evaluation to the health advocate Graduate Assistant about their presentation to the chapter
d. Holding open office hours once a month for 1 hour

Chapters not complying with this will be subsequent to a $300 fine based upon attendance at advocate training and monthly meetings. Any chapter who does not have at least one trained representative or who has a representative that does not comply with Fraternity and Sorority Programs Guidelines will be fined.
Interfraternity Council Resolution on the Development of Standards
Resolution #005
Adopted February 15, 2011

The Interfraternity Council recognizes that Scholarship, Leadership, Involvement, Brotherhood, and Service are the pillars upon which our Greek community thrives at The University of Arizona. Furthermore this Council acknowledges that as members of fraternities we have sworn sacred oaths to keep the actions of our organizations true to those or similar values.

This Council recognizes that the Standards of Excellence were established to be a guidepost for organizations on campus to encourage a commitment to the aforementioned values. However, this Council acknowledges that it is through self-governance that organizations can achieve the greatest success.

We acknowledge student administration of Youtopia and the Standards of Excellence as the preferred method of establishing rigorous standards while remaining cognizant of the limitations and strengths of individual student run Chapters. Furthermore, we understand that the governing Councils of the Greek community seek to be inclusive in their leadership thereof, and that the student administration of the Standards of Excellence is an excellent means of achieving that end. Finally, this Council understands that it has a responsibility to advocate for a strong voice in the shared governance of the Greek community in the same manner in which our student government aims to advocate for the individual student’s right to do so.

The Interfraternity Council, in an attempt to further the development of a self-governing Greek community at The University of Arizona endorses the establishment of the “Standards of Excellence Steering Committee (SESC).” It is the understanding of this Council that the SESC shall have the authority to alter and administer the Chapter Assessment Tool as well as the Standards of Excellence documents.

We respectfully request that the Dean of Students and the Fraternity and Sorority Programs Office permit the Greek community to approve and establish this committee in a spirit of support for the development of a self-governing Greek community. Attached are the by-laws for the SESC which this Council has reviewed and hereby approves.
